Profile Summary

Detail-oriented **Data Analyst** with experience in digital marketing analytics, Power BI, SQL, Python, and Excel. Skilled in building KPI dashboards, automating data pipelines, and analyzing multi-platform campaign data (Google Ads, Facebook Ads, LinkedIn, Taboola) to deliver actionable insights and support data-driven decision-making.

Skills

- Programming & Scripting: Python (**Pandas, NumPy, Matplotlib**), HTML, CSS, JavaScript, React.js, Tailwind CSS
- Data Visualization: **Power BI, Tableau, Matplotlib, Seaborn**
- Database: **MySQL, PostgreSQL** (CTEs, Window Functions)
- Tools & Platforms: Excel (**VLOOKUP, Pivot Tables, Power Query**), Jupyter Notebook, VS Code, PyCharm, Windsor.ai
- **Analytics & Marketing**: Google Ads, Facebook Ads, LinkedIn Ads, Taboola, Campaign Analysis, Budget Pacing, Funnel Analysis, Benchmark Analysis, Seasonality Trends
- **Other**: Data Analysis, Data Cleaning, Data Mining, Statistical Analysis, **EDA**, Web Scraping (**Selenium & Beautiful Soup**), DAX, AI Tools (**Claude AI, ChatGPT, Perplexity**)

Experience

Junior Data Analyst | Ritz Media World

Feb 2026 – Present

- Analyzed multi-platform marketing data (**Google Ads, Facebook Ads, LinkedIn, Taboola**) using Power BI, Excel, and SQL; built interactive dashboards tracking **CTR, CPC, CPL, CPM, Conversion Rate, and ROI**
- Automated data pipelines by integrating **Windsor.ai with Power BI** for real-time reporting; performed data transformation **using Power Query and PostgreSQL** (JOINS, CTEs, window functions)
- Created funnel and KPI dashboards for real estate campaigns; conducted **benchmark comparisons**, budget pacing, and seasonality analysis
- Applied DAX measures for **advanced Power BI reporting**; used AI tools (Claude AI, ChatGPT, Perplexity) to **automate insight** generation and performance reporting

Research Intern | Closetrush Pvt. Ltd.

Sep 2025 – Nov 2025

- Researched **textile waste management** and sustainable alternatives.
- Studied **fashion-tech trends** and sustainability innovations.
- Collected and analyzed data using **Excel, Power BI, and online research tools** to support strategy.

Education

Bachelor of Technology (B.Tech) - Computer Science Engineering

College of Engineering and Rural Technology, Meerut, Uttar Pradesh

08/2022 – 07/2026

CGPA – 8.5

Projects

- **SQL Portfolio (5+ Projects)** — Music Store Analysis, Sales Data, Flight Data, Zepto Inventory, PAN Validation — applied JOINS, CTEs, window functions on datasets of 500K+ rows
- **Uber Trip Analysis | Power BI** — Interactive dashboard analyzing trip volume, distance, vehicle usage, and revenue trends using DAX and Excel

Certifications

- **Data Visualization with Python** – Cognitive Class
- **Power BI Workshop** – United Latino Students Association
- **SQL and Relational Databases 101** – Cognitive Class
- **Discover Data Analysis** - Microsoft
- **Oracle Analytics Cloud 2025 Certified Professional**
- **Data Visualization Empowering Business with Effective Insights** – Tata

Achievements & Recognition

Closetrush Private Limited – Received appreciation from Founder & CEO for outstanding contribution during research internship, specifically for creating clear, structured, and impactful dashboards that enhanced decision-making and investor-level understanding. (**Dec 2025**)
